

# Program Descriptions: Pre-Kindergarten — 2nd Grade

Interactive exhibits

## Design your Experience:

Select the Feature Program and length of time to fit your classroom and your students.

## Program Fees:

\$2.00/child

FREE for Teachers & Adult Sponsors

Agri-House table

## Recommended Time is a 2-hour program including:

Grain Bin Theater movie, "Dive into Exhibits" Scavenger Hunt, and one of these featured programs:

1. Agriculture In My Life
2. Animal Life Cycles
3. Animal or Plant?
4. Seed in a Bag
5. Seasons of Agriculture

## Program Descriptions (Pre-Kindergarten - 2nd Grade)

### 1. Agriculture In My Life

Youth will discover how agriculture is a part of everyone's daily lives. Additionally, they'll learn that almost the entire livestock animal and crop is used to create products that they use every day.

### 2. Animal Life Cycles

Youth will learn livestock terms and the needs of animals as they go through their life. They will also evaluate similarities, differences, and explain how they would sort the animals into groups.

### 3. Animal or Plant?

Youth will learn about the sources of different foods by differentiating between foods originating from plants and foods originating from animals.

### 4. Seed in a Bag

Youth will learn what plants need to live, and will walk away with a seed necklace to watch germination happen!

### 5. Seasons of Agriculture

Youth will learn how four seasons have an influence on agriculture and what to expect.

**All Feature Programs may be also done in the classroom.**

Cost is mileage from Raising Nebraska to your school plus \$0.75 a child.
